Adams Nursery, Inc.

Office and Nursery
WESTFIELD, MASS.

Post Office
SPRINGFIELD, MASS.

Ninety-second Year

We are located centrally in New England—Our office, nursery and storehouses are located on the Springfield-Westfield road, Route No. 20, six miles from Springfield and two miles from Westfield—
Busses pass the Nursery at frequent intervals

TELEPHONES: Springfield 6-0443; Westfield 863

Information

GUARANTEE

Three Months Guarantee: We aim to deliver nursery stock in first-class condition so that with proper after-care losses will be reduced to a minimum. Should any stock purchased at our retail prices fail to grow, we stand ready to re-supply the same without charge provided the account is paid within thirty days of date of invoice and such failure to grow is reported within ninety days of purchase.

We will cheerfully re-supply any plant found not true to name, or we will refund the amount paid for the same, but it is mutually understood that at no time shall we be held responsible for a greater sum than the purchase price.

SHIPPING METHODS:

Shipments will be forwarded as purchasers direct, but in the absence of instructions we will use our best judgment and forward plants by shortest and safest route.

QUANTITY RATES:

Plants offered in this catalog will be furnished at the annexed price only when the quantity specified shall be taken. Twenty-five at the hundred rate and five at the ten rate.

TERMS:

We are glad to extend thirty day terms to established accounts. Also to open new accounts, via references, if order amounts to \$10 or more. On first orders, for less than \$10 please send cash. Our guarantee is void on over-due accounts.

SHIPPING SEASON:

Our spring shipping season usually begins early in April and until about the first of June everything can be transplanted. Perennials and stock dug with a ball of earth can be moved at anytime during the summer. Our fall season starts with the digging of evergreens in August, followed in October by Deciduous trees and shrubs.

To Our Customers

PLANS AND ESTIMATES:

We maintain a staff of competent men, trained and experienced to assist home owners in selecting the proper plants for their proper locations. We shall be glad to submit plans and estimates, there being no obligation connected with this service, and no charge if plant material is purchased from us.

DISPLAY GARDEN:

We cordially invite you to visit our display garden where we have planted hundreds of different varieties for the purpose of giving our customers an opportunity to study and become familiar with the better hardy varieties. You may go where you please and stay as long as you like. You will not be approached unless you express a desire for service.

CASH AND CARRY:

During the spring and fall planting seasons we freshly dig with a ball of earth many plants for our cash and carry trade. Visit our nurseries often and take advantage of these special values.

DELIVERIES:

During the planting seasons our trucks frequently pass most points within a radius of twenty miles from Westfield. Deliveries will be made at no additional charge within this radius when they may be incorporated on our regular trips. There will be a charge for special delivery service, and long distance truck delivery can be arranged at actual cost.

GARDEN CLUBS:

We will gladly supply an experienced lecturer during the winter and summer months. A small fee will be charged to cover only the cost.

PLANTING SERVICE:

For the convenience of our customers we can supply an experienced and responsible planting service. These same experienced men are available during the summer and winter to do your trimming. A very essential operation for the appearance and well being of any successful planting.

PRICES:

Prices in this book supersede all previous lists and are subject to change without notice.

Display Gardens

We cordially invite you to visit our Display Gardens where we have arranged hundreds of different varieties.

A living catalogue of "Better Plants for New England." Here you may study and compare the better hardy plants. The Rock Gardens with many interesting Alpines should burst into bloom about April 25. The Bulb Gardens with ten thousand tulips will be a beautiful sight May 15.

A large Perennial Garden, as well as a Rose Collection of over a hundred varieties, will add interest and color the entire summer.

You are welcome at anytime to go where you please and stay as long as you like.

You will not be approached unless you express a desire for service.

Better Plants for New England

An illustrated and fully descriptive catalogue of Hardy Plants for New England. Printed especially for us as a Supplement of this Price List.

A copy will be gladly sent to you upon request.

Roses

All our roses are strong, budded, two-year-old, field grown plants. Prices are as low as first class stock can be produced. Quality has not been sacrificed to meet the competition of the many low-priced offers which are being broadcast and which in the end must prove disappointing to the gardener who is interested in growing roses of superior quality.

HYBRID TEA ROSE LIST

All 2-year-old—Field grown—First grade
Guaranteed to Bloom

Dormant	\$.60 each	\$6.00 per doz.	\$45.00 per 100
Potted80 each	9.00 per doz.	75.00 per 100

TRI-OGEN

A complete rose protection against plant insects and diseases. Conquers mildew. Controls black spot. Assures luxuriant foliage and bloom. Apply once a week.

Small Kit. Makes 16 quarts. Season's protection for 20
Roses \$1.50

POTTED ROSES

The illustration below gives you a good idea of the quality and condition in which you will receive our

Potted Roses. Just remove the paper pot by slitting down the side; plant so that the top of the earth is 4 to 6 inches below the surface, and water well. Our Potted Roses will not stop even to catch their breath before they will supply you with an abundance of bloom.

80 cts. each, \$9 per doz.

Our Landscape Department staff will be glad to discuss your rose planting problems. Make an appointment at our office or at your home, as may be most convenient to you.

Hardy Garden Flowers

(PERENNIALS)
